

Quality Garden Buildings...

The **Corner House** is designed to provide a practical yet stylish addition to the garden. The Corner House makes ideal use of any corner space thereby maximising your existing garden area. Extensive joiner made glazed windows ensure that maximum daylight is allowed inside the Corner House

The **Georgian Summerhouse** makes an excellent feature in any garden. Constructed with quality 2x2 framework and also includes Georgian style joiner made doors and windows. The optional verandah sets off this wonderful summer-house in style and allows you to make the most of your garden all year round. Antique hinges as standard. Brass handle and 3in. lever lock as standard

The **Hobby House** utilises extra high sides with classic looks that will be appreciated in any garden. It can be used for your specialist hobby or as a workshop. It features joiner made Georgian style windows and is available in a variety of sizes and claddings

The **Tongued & Grooved Apex** is ideal for storage and general household uses. It is available in three standard models:

Eco Apex 2x1 PSE Framework

Viking Apex 2x2 PSE Framework

Executive Apex 3xs PSE Framework

All buildings come with a lock and key. Door is situated on the gable end to provide maximum use of internal space. Barrel board cladding is available as an alternative cladding on all models

The **Tongued & Grooved Pent** is available with five different door and window positions to provide maximum flexibility. Higher sides than the apex make this a very practical design. Lock and key is fitted as standard. Three separate framework models are available to give the customer maximum choice:

Eco Pent 2x1 PSE Framework

Viking Pent 2x2 PSE Framework

Executive Pent 3xs PSE Framework

The **Scandinavian Pent** is constructed using extra thick 22mm cladding and 50x50 PSE Framework making it one of the strongest buildings on the market. Three heavy duty galvanised tee hinges and safety hasp & staple fixed with clutch screws provide extra strength and security. This model is also available in an apex design.

A large range of **Budget Garden Sheds** are available for the price-conscious gardener. Budget Garden Sheds are constructed using sawn framework and are slightly lower in height than our standard models. Two different types of cladding are available: overlap and tongued and grooved (model shown)

TJ's GARDEN PRODUCTS

QUALITY GARDEN BUILDINGS

The **Country Cabin** features a generous roof overhang and attractive fascias as standard. The traditional apex roof design, antique hinges and windows to the front and one side give this country cabin its appeal. Optional extras include 2ft. or 3ft. verandah. Nine pane opening front window is fitted as standard

The **Potting Shed** is the ideal garden building for the avid gardener, giving excellent storage and maximum light. A useful internal shelf running the entire length of the building enables you to grow and nurture your plants and seedlings. Opening window is fitted in gable end as standard in this strong, quality built potting shed. Optional extras include a stable door

The **Hlpex** garden building combines the practical use of the pent garden shed with an apex roof design. This provides extra internal space with five options of door and window positions available at no extra cost. 2x2 PSE framework with a choice of claddings make this a stylish addition to any garden

The **Royale** is for those wanting something special - a pent roofed garden building which is practical yet stylish. The model shown is made in barrel board cladding. Every Royale includes two Georgian windows, antique hinges and an attractive front overhang to the roof and all round fascias. Optional extras include a stable door

Children's Playhouses...

The **Upstairs Downstairs** is the luxury playhouse for children of all ages. This quality playhouse features an integral internal staircase leading to a first floor galleried area and a useful ground floor storage area. Included as standard are attractive fascia boards, antique style door hinges and joiner made doors and windows. Optional extras include an attractive verandah, window boxes and shutters

The **Fantasia Playhouse** is a recent new addition. It features an exciting new chalet design and includes fascia boards and joiner made windows as standard. Your children will have hours of fun playing in this stunning two-storey playhouse

The ever enduring **Hideout** is now entering its tenth successful year as our top selling children's playhouse. This model includes an attractive verandah and window box. Georgian style windows and door are included in the front and both sides. Fascia boarding to the gable end completes our number one selling playhouse

Appletree Cottage is our personal favourite and another recent new addition. It includes joiner made windows with shutters and window boxes. It also comprises a 2ft. verandah. Children will love this garden centrepiece
